Holiday Prime Rib Spectacular at the Stockyards!

It should go without saying that I love a good slab-o-prime rib. It's pretty rare that I treat myself to it as it's not exactly the most healthy cut of beef that exists.

In fact, I haven't had a bite of it in the past 12 months, but this special at the Stockyards may change that.

Every holiday, the Stockyards offers half and whole prime ribs for a holiday dinner that dreams are made of.

1/2 prime rib (serves 6-8) costs \$80 and a whole prime rib (serves 12-14) is just \$150. These beefy gems will be sure to please your family this season. And perhaps you can convince them you made it?
